What is happening in your local area?

People told us about the things they are involved with and some of the issues which stop them taking part.

Things people do:

- TESS people work in a community café, they also have an allotment which supplies fruit and veg for the café.

- Hastings people work at JCH gardening project and Richmond Park volunteer conservation project.

- Market Rasen people take part in community health walks, local coffee mornings, clip gardening and happy Hooves.

What things stop people getting involved

- Transport not always available and it can be expensive. Call Connect will only take you up to 10 miles.

- Access being able to get into places. Ramps are not always available.

- Not enough places offering different things for people with learning disabilities.

- Not enough information on what's going on.

- People need to understand what it is like to have a learning disability.

At the end of the meeting Pauline told us some very exciting news.

In April she will be getting married to Paul.

We all wished them a happy life together.
